Code Corner - Parking and Snow Removal

Winter in Minnesota obviously means snow, sometimes lots of it. This weekend we are expecting another large snowfall event. During and after snowfall, we ask that everyone follows the city code regulations regarding snow removal.

Street Parking
A snow removal period begins automatically when the city receives two inches of snow. Once two inches of snow has fallen, all vehicles must be removed from city streets so that the plows and emergency vehicles can access the streets. Vehicles must remain off the streets until the street has been plowed full-width. We anticipate that the Public Works Department will be plowing multiple times during the event. If streets have been plowed once but an additional two inches of snow has fallen, cars must remain off the street. If you have any questions about the snow removal period, please contact City Hall.

Curtiss Field Warming House Hours
In the case of extreme weather, the warming house will be closed and notice will be posted on social media. Please see the tentative schedule below.

1/27: 4PM-8PM
1/28: 4PM-8PM
1/29: 4PM-8PM
1/30: 4PM-8PM
1/31: 10AM-6PM
2/1: 12PM-4PM

Native Landscaping
The Environment Commission has proposed an ordinance that would allow residents to plant and nurture native landscaping on their property. We would like your feedback on the new regulations. Visit the city's website to learn more.
